The population of *Cypripedium shanxiense* S.C. Chen (Orchidaceae) was discovered in the northeast of the Amur Region in the Zeya Reserve. It is the first documented locality of the species in the region. Data on the species rarity and description of the habitat conditions are provided.

*Keywords:* *Cypripedium shanxiense* S.C. Chen, Orchidaceae, Amur Region, Far East of Russia

**ACKNOWLEDGEMENTS**

The authors are grateful to the Director of the Zeya Nature Reserve S.Yu. Ignatenko for the help in the organization of field studies, to V.V. Yakubov for the information on the *C. shanxiense* location, and to I.G. Borisova for compiling a map.

The work was carried out within the framework of the state task of the Botanical Garden-Institute of the Far Eastern Branch of the Russian Academy of Sciences (№ 122040800085-4).
